**Re: Application of CYBH, LLC d/b/a Coastal Storage & Moving for a Class E  
(Household Goods) Certificate of Public Convenience and Necessity for  
Operation of a Motor Vehicle Carrier  
Docket No. 2012-314-T**

Dear Jocelyn:

I was recently obtained as counsel for the Applicant in the above-referenced matter. Through discussions with the Office of Regulatory Staff ("ORS"), it has been brought to my attention that Notice has not been properly advertised by publication. While the Applicant has applied for statewide authority, Notice was published in the *Sun News*, which is only a regional publication.

Accordingly, the Applicant respectfully requests an extension of time in order to publish Notice in *The State* in compliance with S.C. Code Ann. Regs. 103-132. Seeing as the deadline for intervention in the Notice of Filing issued by his Commission has expired, it appears that a new date should be set by which interested parties may intervene. Given that the hearing date in this matter is currently set for less than six weeks from today's date, the Applicant understands that the Commission may delay the hearing date in order to provide all interested parties an opportunity to participate in this matter.

The Applicant is prepared to publish Notice as soon as a determination is made by this Commission in regard to the intervention deadline. If you have any questions, please do not hesitate to contact me.

Sincerely,

*/s/ Rebecca J. Dulin*
